✓ Bleach Cleanable

✓ Easy Clean

✓ Easy Install

Description

Taiko Lux sits at the centre of the Zintra acoustic lighting pendant range in both scale and intent. At 610mm (24 inches), it is scaled for open-plan environments where sound and light must work in tandem. The Helmholtz-resonator inspired design allows for high-performance low-frequency absorption without the bulk.

Suspended within the ceiling plane, it creates a sense of structure without heaviness, quietly anchoring the space below. The Zintra PET drum form absorbs reverberation, reducing background noise and creating a more composed, comfortable atmosphere.

Simultaneously, it casts a controlled, even light that supports both task and ambient conditions. With consistent, natural light quality and DALI-compatible dimming, the fixture enables spaces to shift in tone and intensity throughout the day.

Whether repeated in rhythm or placed as a standalone focal point, Taiko Lux brings cohesion to the ceiling. Available in both lit and unlit forms, it can be combined within mixed installations to build ceiling compositions that are as acoustically functional as they are visually resolved.

From solid PET colors to Premium Wood and Textile Prints, the breadth of finish options gives designers the range to treat Taiko as either a neutral element or a deliberate material moment.

System includes:

Pendant, Light Panel, ASKs 5' (1.5m) & Cover Plate

**Dimmable driver is not included.

Class 2 Driver Not included.

Available separately 96w, 2 x 96w or 3 x 96w

How to Specify

1. Size Space
2. Pendant Size
3. Installation Hardware
4. Colour or Print

Composition

Zintra Acoustic Panel - 95% Polyester + 5% PLA

12mm (1/2") -Density 2.4 kg /m² 0.5 lb/ft

Sustainability	Zintra is made from 100% recyclable materials. • 60% post-consumer recycled content from PET bottles. • 35% pre-consumer recycled content from PET chips • 5% polylactic acid (PLA)
Dimensions	24" (610mm) d x 16.1" (408mm) h
Fire Rating	ASTM-E84 – Class A classification AS ISO 9705 – 2003 – Group 1 classification EN-13501 – B-s2-d0 classification
Acoustic Rating	Up to 1.45
Supplied As	Pendant, Light Panel, ASKs 5' (1.5m) & Cover Plate **Dimmable driver is not included. Class 2 Driver Not included. Available separately 96w, 2 x 96w or 3 x 96w
Assembly & Delivery	Ships assembled, requires a licensed electrician for installation. Go to the Technical Documents and download the Installation Guide for more details.
Suggested Installation	Go to Technical Documents and download the Installation Guide for more details.
Care Instructions	Vacuum to remove dust. Dab Zintra with a damp clean cloth and mild solution of liquid detergent and warm water. Repeat using only clean water, then pat dry with a lint free cloth. For difficult stains, use a solution of household bleach (10% bleach / 90% water). To remove the bleach, repeat using a clean, water dampened cloth, then pat dry. Always test in an inconspicuous area first and if you don't see the expected results, contact us.
Customisable	The Zintra Acoustic Solutions range is customisable to your project. Please get in touch with your local contact for details.
