Commanding in scale and architectural in presence, Surdo Lux is Zintra's largest acoustic lighting pendant. At 865mm (34 inches) in diameter designed to bring clarity, comfort, and high-performance illumination to expansive interiors.

- ✓ Acoustic
- ✓ Bleach Cleanable
- ✓ Easy Clean
- ✓ Easy Install

Description

Surdo Lux is designed to be felt as much as it is seen. At 865mm (34 inches) in diameter, Zintra's largest acoustic lighting pendant commands expansive interiors through scale, performance, and architectural presence, bringing together high-output illumination and advanced acoustic absorption in one integrated form.

Engineered for large-format workplaces, atriums, high volume communal environments, the generous drum profile helps resolve the acoustic challenges of open spaces. Drawing on Helmholtz resonator principles, Surdo Lux targets low-frequency noise and reduces reverberation, introducing a persuasive softness overhead that allows conversation and activity to coexist comfortably.

The Integrated LED system delivers broad, controlled light distribution with a CRI of 90+ for visual clarity and colour consistency.

Whether specified as a singular feature piece, paired above large communal settings, or repeated across long ceiling compositions, Surdo Lux establishes cohesion and visual structure throughout the ceiling plane. The consistent Zintra finish palette ensures seamless integration with Alto Lux and Taiko Lux, allowing for sophisticated, layered acoustic lighting compositions that carry the weight of the architecture around them.

System includes:

Pendant, Light Panel, ASKs 5' (1.5m) & Cover Plate.

**Dimmable driver is not included.

Class 2 Driver Not included.

Available separately 96w, 2 x 96w or 3 x 96w

How to Specify

1. Size Space
2. Pendant Size
3. Installation Hardware
4. Colour or Print

Composition

Zintra Acoustic Panel - 95% Polyester + 5% PLA
12mm (1/2") -Density 2.4 kg /m² 0.5 lb/ft

Sustainability	Zintra is made from 100% recyclable materials. • 60% post-consumer recycled content from PET bottles. • 35% pre-consumer recycled content from PET chips • 5% polylactic acid (PLA)
Dimensions	34" (865mm) d x 8.2" (208mm) h
Fire Rating	ASTM-E84 – Class A classification AS ISO 9705 – 2003 – Group 1 classification EN-13501 – B-s2-d0 classification
Acoustic Rating	Up to 0.90
Supplied As	Pendant, Light Panel, ASKs 5' (1.5m) & Cover Plate **Dimmable driver is not included. Class 2 Driver Not included. Available separately 96w, 2 x 96w or 3 x 96w
Assembly & Delivery	Ships assembled, requires a licensed electrician for installation. Go to the Technical Documents and download the Installation Guide for more details.
Suggested Installation	Go to Technical Documents and download the Installation Guide for more details.
Care Instructions	Vacuum to remove dust. Dab Zintra with a damp clean cloth and mild solution of liquid detergent and warm water. Repeat using only clean water, then pat dry with a lint free cloth. For difficult stains, use a solution of household bleach (10% bleach / 90% water). To remove the bleach, repeat using a clean, water dampened cloth, then pat dry. Always test in an inconspicuous area first and if you don't see the expected results, contact us.
Customisable	The Zintra Acoustic Solutions range is customisable to your project. Please get in touch with your local contact for details.
