BEAMS COFFER

Acoustics » Acoustic Baffles

Acoustic solutions reach new heights with the Zintra Beams Collection. Achieving an impressive NRC rating of up to 1.5 they have been designed for large-scale spaces. Their modular nature brings both versatility and grandeur to your design.

- ✓ Acoustic
- ✓ Bleach Cleanable
- ✓ Easy Clean
- ✓ Easy Install

Description	Large spaces require acoustic solutions that match their scale. Zintra Beams collection address this need perfectly, offering substantial proportions that exude a sense of structure and architectural grandeur. Their modular design allows for a variety of configurations across a range of styles and sizes and includes connectors for effortless customization to suit any space. There are 5 different geometric designs available: Open & Closed Rafter, Rectangular, Square and Parallel Beams, available in various sizes (please refer to the dimensions for design specific details). We even have a coffer available to suit open, closed and square designs for added acoustic comfort. Coffers Make your space even quieter with the addition of colour coordinated or mix and match Coffers panels. With a simple addition of Zintra Coffers to your Beams install you can increase the NRC rating from 1.0 to 1.5. Coffer Panels are sold in a set of 8, quick and easy to install. Coffers are not suitable for Rectangular or Parallel Beams. Engineered for superior sound absorption, Zintra Beams function as porous absorbers across the entire frequency range. This significantly enhances the NRC rating, up to a maximum of 1.5.
-------------	--

How to Specify	1. Select design 2. Select Size 3. Select Zintra Colour
----------------	--

Composition	Zintra Acoustic Panel - 100% Solution Dyed (Colour Through) Polyester 12mm (1/2") - Density 2.4 kg /m² 0.5 lb/ft²
-------------	---

Sustainability	Zintra is made from 100% recyclable materials. • 60% post-consumer recycled content from PET bottles. • 35% pre-consumer recycled content from PET chips • 5% polylactic acid (PLA)
----------------	---

Dimensions

Coffer

- 559mm (22") w x 12mm (0.5") h x 559mm (22") d
Set of 8

Fire Rating

ASTM-E84 – Class A classification
AS ISO 9705 – 2003 – Group 1 classification
EN-13501 – B-s2-d0 classification

Supplied As

Flat Pack – Details per design:

Coffers

- Set of 8 Coffers

Assembly & Delivery

Ships Flat Pack

- Assembly Required.
- Cable Suspension OR Unistrut. Refer preferred installation method Install Guide

Go to the Technical Documents and download the Installation Guide for more details.

Suggested Installation

Go to Technical Documents and download the Installation Guide for more details.

Care Instructions

Vacuum to remove dust.

Dab Zintra with a damp clean cloth and mild solution of liquid detergent and warm water. Repeat using only clean water, then pat dry with a lint free cloth.

For difficult stains, use a solution of household bleach (10% bleach / 90% water). To remove the bleach, repeat using a clean, water dampened cloth, then pat dry.

Always test in an inconspicuous area first and if you don't see the expected results, contact us.

Warranty

Visit FAQ for more details.

Customisable

The Zintra Acoustic Solutions range is customisable to your project. Please get in touch with your local contact for details.
